80% Commission Payout 3x10 Forced Matrix

Refer Just 2 to Break Even!

N-O M-O-N-T-H-L-Y P-A-Y-M-E-N-T-S

● Refer just one member and earn \$20.00. Refer one more, you've earned \$40.00. You've just broken even on your level 1! The money earned on levels 2-10 is GRAVY! **Think about that for a minute.** Earn \$60 with just 3 members. It doesn't make sense NOT to join immediately. There will be many others enrolling after you. Do you want them to be in your downline?

● A full 3x10 matrix gives anyone the opportunity to earn well over a quarter of a million dollars. No, we don't guarantee that you'll even come close to earning that much because we have no control over how ambitious you are. But the opportunity is there. Perhaps you'd settle for a six figure income? Maybe an extra \$1,000 or two would be nice.

● **80% commission payout over 10 levels. EIGHTY PERCENT.** We sell a \$39.95 product, and pay \$32.00 back in commission.

● **Repeat income year after year!** Because people can break even with just 2 memberships on their first level and they have a full YEAR to do so, the downline is solidified and can reward you every year, repeatedly.

● **No monthly payments.** This alone solves a major problem in MLM. With a small 1-time annual membership cost and a super quick break-even point, an associate has a full year to watch the matrix grow below them and put them in profit. **Outstanding!**

● **No Crazy Qualifications.** We don't make you jump through hoops! The only one requirement to be eligible for commissions on all 10 levels is this: You must personally generate at least 1 membership sale to someone other than a downline member. **That's it!** You can do this by selling a membership, giving a membership as a gift to someone, or even purchase a membership for yourself.

● **An unbelievably valuable membership package.** Our membership package is an extremely marketable product whether or not an income opportunity is attached to it. The networking opportunity just makes it that much better.
